Inner West Council is developing a new draft plan of management for Petersham Park.

Petersham Park is one of Council's oldest parks and has a long history connected to local and international sporting heroes.

Over the past two years, Council has invested \$1.4 million in capital improvement works at Petersham Park, including: Heritage sandstone repairs, pathway upgrades, new water fountain, new seating, installation of shade sails in the playground and extensive landscaping.

We are planning for the future of the park and want to hear from you. Your feedback will guide the care and maintenance of the park for now and into the future.

This project is part of Council's \$65 million investment in park and aquatic facilities, the biggest investment in sports facilities in the history of the Inner West.

Please make sure you get online and have your say.

## Planning for the future

Let's plan the future of your local park. Whether it's a picnic, walking your dog, playing cricket or celebrating a milestone, Petersham Park is a gathering space. What works, what can be improved and what is missing?

Share your knowledge to help better balance competing needs for recreational space for the next 10 years. Let's make a better use of this open space.
