Statement of Significance

- The historical evidence of the temperance movement campaigning of the Church of Christ in the early 20th century is an important part of early 20th century social activism.

Management Recommendations

- A Heritage Impact Statement is required by Council to accompany any Development Application for non-minor work;
- Further subdivision of the land is discouraged;
- The overall form of the building, period materials and finishes should be retained and conserved;
- The front fence and building at the rear have lower heritage significance than the main church building due to their later construction as both of these appear to be relatively modern.
- Significant door and window openings should not be enlarged or enclosed.
