

ZONE 3

LEGEND

- Zone boundary
- Removed item
- Existing built area
- Proposed built area
- Fuel pipeline + zone of influence
- Underground desalination pipeline
- Overground desalination pipeline

- Natural grass/ sports fields
- Synthetic turf
- Native meadow
- Native bushland
- Intertidal zone / saltmarsh
- Naturalised bioswale
- Wetland ponds
- Shared pedestrianised space

- Roadway / car parking
- Traffic calming
- Pedestrian forecourt
- Primary footpath
- Cycle path
- Outdoor sports court / gym
- Play spaces
- Picnic shelters / barbecues

- Existing tree
- New tree
- Security gate
- Fence

0 20 40 60 100m

SCALE 1:2500 @ A4

NOTES

- 01 Pedestrian forecourt at park entry - suggested location for way-finding, regulatory and instructional signage. Pedestrian crossings safely connect footpaths across road.
- 02 Car parking moved across road, away from new active transport cycle path.
- 03 Junction around Bay Street, Old Street and Loop Road narrowed and clearly defined, creating additional parking.
- 04 Naturalised bio swale extended to connect storm water systems. Board-walk footpath connections created over swale.
- 05 Raised shared surface slows vehicles and defines entry to Reserve. Safe intersections for cyclists and pedestrians integrated into junction.
- 06 Gated entry prevents after hours vehicle access to the Reserve and car parks.
- 07 Synthetic sports fields (two soccer fields, one rugby field, one AFL field and cricket)
 - Note, separation of synthetic fields reduces efficiency of installation, and fencing increases perception of physical separation of space. Should installation of all three fields be impractical, we suggest omitting the isolated synthetic soccer field from the scope.
- 08 One synthetic cricket pitch with natural turf outfield. One synthetic cricket pitch with synthetic outfield located on AFL synthetic field.
- 09 New cricket nets.
- 10 Natural turf sports fields (two soccer fields, one rugby field, one cricket field).
- 11 Space allocated for sports warm up, and unbooked informal sports use - e.g. volleyball, frisbee, etc.
- 12 Subterranean high pressure fuel pipeline shown with 6m zone of influence - construction not permitted over this area.
- 13 Subterranean desalination pipeline, zone of influence unknown - construction not permitted over this area.
- 14 Concrete capped desalination pits retained in place.
- 15 Safe connection of footpaths across roads at desire path locations.
- 16 Low horizontal log barrier fences around perimeter restrict vehicular access onto sports fields.
- 17 Loop Road terminates in turning circle for vehicular traffic.
- 18 Children's bike practice track.

Artist's impression of view across sports fields towards new indoor sports, arts, cafe and amenities building.
