

Key principles

your say
Inner West

Council's 7 Principles for proposed actions and projects.

1. Plan land use for active and sustainable transport, faster travel, shorter distances
2. Improve safety, security, equitable access, full community participation
3. People first in centres, main streets, revitalised key roads
4. Active transport infrastructure
5. Shift to public and shared transport
6. Manage freight and goods delivery network
7. Harness technology to improve information, safety, travel choices and environmental outcomes
