## Capital Multiplay Unit

2

## Capital Compact Swing

3

## Balance Trail

4

## Existing Rocker (Recoated)

A range of  
dynamic play  
options to balance,  
climb, slide and  
swing!

Inner West Council | Lion Street, WMC 2210-06A

Extremely durable, marine grade aluminium posts.

Multiplay unit with climbing and sliding opportunities caters to both the younger and older children – encouraging users to choose an activity that best suits their ability.

Tough rotomoulded slide. Will not chip, crack or delaminate.

Inner West Council | Lion Street, WMC 2210-06A

# EVERYONE CAN PLAY

“New government guidelines call for a move to Inclusive Playspaces. These are spaces designed using principles that invite “people of all ages, abilities and cultures to come together to socialise and thrive”

These guidelines help create a focus on community — an idea that is very close to our hearts. And small, clever design nudges can deliver big outcomes.

We work to incorporate Inclusive Playspace concepts into every playground design — whether tiny pocket park or multi-million-dollar community hub.

We consider the location of equipment in the playground

We incorporate resting points around the area for children and carers

We create elevated play and levels of challenge

We design equipment that is accessible for all

We work to engage all the senses of the children playing

## LEARNING THROUGH PLAY

Play is more than fun and games — it's also a critical childhood development tool! Through play, kids learn how to interact with others and develop lifelong skills.

### Physical

Active play helps kids with coordination, balance, motor skills, and spending their natural energy promoting better eating and sleeping habits.

### Emotional

During play, kids learn to cope with emotions like fear, frustration, anger and aggression in a situation they control. They can also practice empathy and understanding.

### Cognitive

Children learn to think, read, remember, reason, and pay attention through play.

### Social

Playing with others helps kids negotiate group dynamics, collaborate, compromise, deal with others' feelings, and share.

### Creative

By allowing imaginations to run wild during play, kids create new worlds, and form unique ideas and solutions to challenges.

### Communicate

Play lets kids exchange thoughts, information, or messages by speech, signals, writing, or actions.

## PLAY VALUE SYMBOLS

### Skills
