

The Master Plan will cover this area

Find out more and have your say:

Online at yoursay.innerwest.nsw.gov.au

Celebrating local art and culture

Improving walking and cycling

Connecting with Country

Creating more opportunities for on street dining

There will be three different opportunities to engage with the development of the King Street and Enmore Road master plan.

Stage one: Tell us your vision

Stage two: Co-design with us

Stage three: Tell us if we got it right

We are starting with an online survey in stage one. Survey respondents will be invited to participate in future stages of the project.

Stimulating the street life of King Street and Enmore Road

Inner West Council is developing a public domain master plan to revitalise King Street and Enmore Road, and we'd like your input into the process.

We want to create an inclusive and pedestrian-oriented retail and entertainment precinct that attracts visitors from across Sydney.

The master plan will set a ten-year vision to guide improvements to Enmore Road and King Street, celebrate local art and culture, create more on street dining, improve walking and cycling and support the vibrant night time economy.

Message from the Mayor

Building on our success with the Enmore Entertainment Precinct, we want to keep Newtown and Enmore humming and we'd like your input into how we can make these iconic streets even more vibrant.

We're looking to make Newtown and Enmore more pedestrian and bike friendly, create even more opportunities for street dining, foster the performing arts, support the night-time economy and celebrate the unique character of King Street and Enmore Road.

So please have your say and help us create an even better Newtown and Enmore.

Darcy Byrne
Mayor
