Dear resident,

I'm writing to invite your feedback on the draft Plan of Management for Elkington Park and Fitzroy Reserve.

Having invested in the full heritage restoration of Dawn Fraser Baths, we want to protect and improve these parks.

These are crucial open spaces for our community because they provide beautiful and valued space for community gatherings and recreation.

Visitors and locals love to congregate for family reunions, weddings, and other celebrations in this breathtaking location with incredible views of Sydney Harbour.

The Plan of Management and Master Plan will put an emphasis on modernising and improving the facilities while also making sure that this park continues to be unique in the Inner West.

I encourage you to look at the Elkington Park and Fitzroy Reserve Plan of Management and Master Plan and have your say on the final draft. Please find detailed information on the reverse side.
