Dear resident,

I am writing to invite you to the Inner West Local Matters Forum that will be held at Petersham Service Centre on Tuesday 26 March 2024.

For the past two years, we have been holding these forums at rotating locations across all suburbs in the Inner West, in order to make the Council more accountable to local residents and responsive to your needs.

This Local Matters Forum will be an opportunity for you to hear directly from Council Executive staff about some of the major projects that are happening in your community and for them to hear from you about issues that need to be addressed.

Your local ward Councillors, the General Manager and all Council Directors will be in attendance and available to talk to you.

We are determined to continue making the whole organisation more responsive and accountable to you.

Projects that Council officers will present on at the Forum include:

- The soon to commence upgrade of Camdenville Park
- Enmore Road Special Entertainment Precinct – creating protections for a vibrant entertainment economy
- Establishment of the Inner West Pride Centre – an update on renovations to the Newtown Town Hall

We want to continually improve the way we deliver services to our community and hearing from you, face-to-face, can help us to do that.

Please see the reverse side for details about the Forum.

Yours sincerely,

**Clr Darcy Byrne**  
Inner West Mayor
